Theory and Applications of Computational Chemistry: The First Forty Years is a collection of articles on the emergence of computational chemistry. It shows the enormous breadth of theoretical and computational chemistry today and establishes how theory and computation have become increasingly linked as methodologies and technologies have advanced. Written by the pioneers in the field, the book ...

Theory and Applications of Computational Chemistry

Strategic management theory and application ... " contemporary thoughts in the field of strategic management imply that strategy should be understood as the creation of the company's future which is the result of collective social activity, considered as an ongoing process (and not as a category) and idiosyncratic in its essence " common practice shows that corporate identity and ...
